Testo classe 4* St. George's RC Primary School
YORK - Fishergate (UK)

Ins. Coord. Laura Casimo, Janet Butler

Coro: Stay safe, Stay safe!
When it comes to electricity,
Stay safe, Stay safe!
you don't have invincibility!

Sol. 1 In cucina dove fai colazione
Devi sempre fare molta attenzione
Perchè fra i biscotti, lo zucchero e il the
C'è un'altra energia più forte di te!

Sol. 2 Never use electronics near water
Never use electronics near water

Sol. 3 Remember to always have dry hands and feet

Sol. 2+3 And never, I say never leave trailing leads

Sol. 3 Dying...would be a great pity

Coro: Dying...would be a great shame

Sol. 2 If everyone died from electricity

Sol.2+3 Who would be left to bla-a-ame?

Coro: Ahi ahi... che c'è chi l'ha presa
Ahi ahi... la scossa così!

Sol. 3 If everyone died from electricity

Stay safe, (Stay safe), just listen to me

Coro: Stay safe, Stay safe!
When it comes to electricity,
Stay safe, Stay safe!
you don't have invincibility!

Sol. 2 In the bathroom there is lots of water
so never bring electronics or phones! Oh no!

Sol. 3 'cause electrons and water never do mix

Sol. 2+3 And you could get stung like a poor jelly fish.

Sol. 1 Quando nella mia cameretta
C'è la lucetta che non si accende più
Io chiamo la mamma oppure il mio papa
Così non corro rischi con l'elettricità

Sol. 3 Better be sa-afe than sorry

Coro: Better be safe than worry

Sol. 2 Electricity i-is your friend

Sol. 2+3 But only take care until the end

Coro: Ahi ahi... che c'è chi l'ha presa
Ahi ahi ... la scossa così!

Sol. 2 If everyone died from electricity

Stay safe, Stay safe, just listen to me

Coro: Electricity is surrounding us
Stay safe! A danger we can stop
Stay safe, Stay safe!

Sol. 3 With the very annoying electric buzz! Wow!

Coro: Stay safe, Stay safe!

Sol. 1 Evita, evita incidenti!

Coro: Stay safe, Stay safe!

Non sempre lo fa per tre

This we can put to an end
